

Veson Nautical Company Update & Keynote

In our first virtual conference session, John Veson, CEO, and Sean Riley, President & COO, Eric Christofferson, Chief Product Officer, and Ben Thurecht, Chief Technology Officer come together to share an overview of recent innovations, relevant market and technology insights, and our vision for 2020 and beyond.

Veson University Introduction & Services Update

Join the Veson Global Services team as they share new developments and programs designed to educate and empower our customers with tools for success. This session includes the official launch of Veson University; a one of a kind maritime educational portal for learning Veson Nautical solutions; and will also demonstrate how to leverage the Help Center for self-service solutions and ticket status transparency, and will highlight new, out-of-the-box Power BI dashboards for VIP.

Product Launch & New Feature Showcase

Join Veson's Product Management team as they outline our product strategy, demo the major new features and modules launching in 2020, and preview the forward product roadmap.

Closing Remarks & Group Cheers

Grab a drink and join us for the final words and a group cheers to our first virtual conference with John Veson, CEO, and Sean Riley, President & COO.
