

At Veson Nautical, client value is the star that guides all that we do. That's why we develop and release more than 500 new features each year to meet the evolving needs of our vast, global client community.

Emissions Expense Invoicing

With Emission Expense Invoicing enabled in Cargo and Time Charter contracts, related cash and allowance type invoices can now be viewed/modified in their own dedicated form that more closely follows traditional IMOS Platform invoicing workflows.

Enhanced Module

✓ FINANCIALS

Do these enhancements apply to you?

Ask yourself these questions to determine how your organization will benefit from these additions to the Veson IMOS Platform:

- ✓ Are you already utilizing the EU ETS workflows in IMOS?
- ✓ If not, do you intend to start using them?

Features & Benefits

- Increase access to invoicing through the contract, link in Summary Tree, or existing Voyage Invoice lists
- Leverage new tags on the Stylesheet XML
- Allow invoice printouts to be updated with relevant data on Cash & Allowance Settlements

Take advantage of the latest IMOS Platform features.

To learn more about these capabilities and others, read our [latest release notes](#).
